## **NACCDO Mentorship Program 2017-18 Mentor Application**

Our guiding mission at NACCDO is to relieve the burden of cancer by addressing the needs unique to development officers in its member cancer centers. To this end, we offer our members an opportunity to connect with others in the field throughout the year via our NACCDO Mentorship Program.

**The goal of the NACCDO Mentorship Program is to provide our members with opportunities to grow professionally within their institution and the cancer fundraising field.**

We strive to connect mentors and mentees who share similar career trajectories, career aspirations and work in institutions with similar makeups.

**Mentors** will benefit from the opportunity to share their personal success story and help an early career fundraiser continue his/her journey at his/her current institution. Coaching may or may not be an integral part of this. It is intended to be a fulfilling and inspirational program for the mentors as well as the mentees and an opportunity to make a significant, positive impact on the field.

### Ideal profile of a mentor:

- Mid to Later career fundraiser
- Experience in both large and small fundraising shops
- Experience as a front line fundraiser
- May or may not be a manager of fundraising staff currently, but should have held that type of position at some point in his or her career for at least 5 years
- Desire to educate the next generation of fundraisers
- Demonstrated dedication to the field (career longevity, working at the same institution for 5+ years)
- Commitment to one phone or in person meeting per month.
- Attendance at the 2018 NACCDO conference is requested but not mandatory.
- Commitment to report back to mentor program committee on progress or with any issues/concerns
- Ability to evaluate your own strengths and weaknesses
